MANUAL CHAIRS

The Quickie® GP Series is the first family of rigid versions of the Quickie 2. The popularity of the GP family comes from the day-to-day versatility riders have come to rely on. The ideal chair for daily use and sport activities, the one-piece welded frame delivers a solid rigid ride.

# Quickie GP and GPV Manual Rigid Wheelchairs

## Ultimate versatility for everyday and sports use

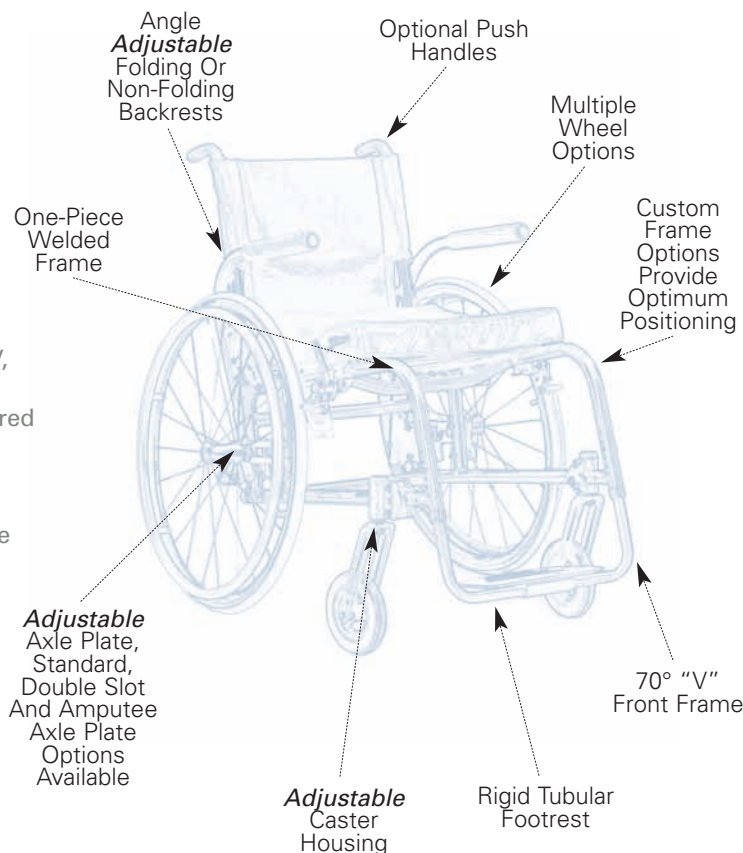

Fully adjustable with a solid, rigid frame, Quickie GP and GPV chairs are engineered to *maximize function and performance* while minimizing effort for the rider. The extensive array of options and accessories make this model an ideal chair for daily use and sports activities. A variety of wheel options (tires, rims, hubs) are matched to the desires of the rider with choices from no maintenance to high performance, including Quickie Performance Wheels for tennis and basketball.

The GP family includes the Quickie GP, Quickie GPV, Quickie GPV Titanium, Quickie GPV Swing-Away and GPV Competition. The *GP* features a non-tapered front end, the *GPV* features a 70 degree V Front Frame and the *GP Swing-Away* has a rigid frame with swing-away footrests. The *GP Titanium* is the GPV made with titanium rather than aluminum and the *GPV Competition* is a package that offers an extra 2" of fixed tilt or "squeeze" for the rider.

With a variety of options, the GP series can be customized to fit tall, short, long or wide – any individual can find a comfortable home in a GP.
