

100% ROLLATORS

GEMINO - 100% ROLLATOR FOR YOU

Are you looking for a rollator that fits your active lifestyle and allows you to walk comfortably and confidently, indoors and out? Then a Gemino rollator is the perfect choice for you. Our award-winning lightweight rollators set new standards in quality, comfort, safety and design. And let you be yourself!

The Gemino comes in various models, sizes and colours. Naturally, there's also a special/medical Gemino rollator for you, if you need something extra to walk safely. So there's always a Gemino that fits your needs - and personal style. Whatever your choice, you'll always get a 100% rollator. 100% comfort, safety and design.

Great when you can rely on something 100%.

100% COMFORT

ENJOYABLE WALKING EXPERIENCE

Our Gemino rollators have been designed with your comfort and enjoyment in mind. A lightweight aluminium frame, high-quality materials and maximum stability ensure a great walking experience, indoors and out. Due to the height adjustment with memory function the ergonomic handles are always in the right position. And if it's time for a break, you can sit safely on the spacious seat. Naturally, you can also take your rollator with you when travelling further - it easily folds to a compact size.

Try the Gemino of your choice, and discover how easy and enjoyable walking can be!

// CHOOSE YOUR FRAME SIZE

Selecting the right size will not only help you walk comfortably and safely. Each frame size also has a different seat height - important for maintaining a correct posture when sitting (For more information, please see Technical Data on page 22).

// SMART PUSH HANDLE ADJUSTMENT

Find out how simple it is to adjust the ergonomic push handles to fit your height. They safely lock into place and due to the special memory function, they're always in the right position for you.

// EASY FOLDING WITH SELF-LOCKING SYSTEM

The Gemino's unique 'fold-click system' makes it very easy to fold and compact to store. Simply put the push handles in the lowest position to reduce the size further. Practical for small spaces and portability by car. By the way, did you know you can also safely manoeuvre in tight places when your rollator is (partially) folded?

// PRACTICAL EVERYDAY USE

With your Gemino you'll enjoy comfortable walking - and comfortable seating, if it's time for a break. Combine with a comfortable back support for additional support. Lots of things to carry? Simply use the practical basket - or choose a stylish bag.

100% SAFETY

WHEREVER YOU GO

Wherever you go, you'll feel confident with a Gemino rollator. Its sturdy, stable frame design ensures maximum safety and security in all settings. And the ergonomically designed push handles provide excellent support. But there's more. Many clever features are proof that we always go the extra mile for your safety. Gemino – enjoy your active life, in total safety!

// EXCELLENT, ULTRA-LIGHT BRAKING

Ergonomically designed, you'll find that operating the brake handles requires very little effort. The smart brake design is easy on the wheels and ensures optimal grip, even when the wheels show signs of wear.

// EASY NEGOTIATION OF OBSTACLES

Kick tubes make it easy to climb kerbs or thresholds, while the protective side bumpers help you avoid obstacles.

// WELL VISIBLE IN THE DARK

Going out at night? 6 integrated reflectors on all sides make sure you're well visible in the dark. For even more safety, simply add the optional light.

GEMINO 30

THE ORIGINAL 100% ROLLATOR

// LIFE IS COLOURFUL

Are you looking for individuality? Express your personality with a selection of 4 attractive anodized frame colours.

Silver grey

Champagne

Midnight blue

Pink

// ADVANCED BAGS TO MIX AND MATCH

Compliment your Gemini 30 with a stylish and practical bag with shoulder strap.

GEMINO 30

ENJOY LIFE AND EXPRESS YOURSELF

Looking for a lightweight rollator that stands out? Gemino 30 - the original 100% rollator - will exceed your expectations when it comes to comfort, safety and design. Its modern design styling and high finishing express quality and class. Naturally, it allows for full modification to suit your active life – and personal style!

With the award-winning Gemino 30, you'll get 'the best of the best'. Balancing high manoeuvrability with maximum stability, this design rollator will truly enhance your independence. Personalize with your choice of colour and accessories – and enjoy life to the full!

// AWARD-WINNING DESIGN

Our original 100% rollator is recognized by international design institutes like red dot and iF and German consumer magazine Öko-Test.

best of the best 2011

GEMINO 60

// WHEELS THAT MAKE THE DIFFERENCE

The extra-large, soft wheels allow you to negotiate virtually any obstacle with ease. And ensure ultimate walking comfort – on any surface.

// DESIGNED FOR SUPERIOR STABILITY

The Gemini 60's sturdy, extra wide and long frame together with the large wheels ensure excellent stability and safety, also on rough terrain.

// ENJOY MORE SPACE

The large wheelbase makes for maximum stability, whilst offering extra walking space and a very spacious seat – also available with adjustable comfort back support. Great if you want to take a break.

// EASILY HANDLING EXTRA WEIGHT

All Gemini 60 models are suitable for heavy-duty use and take a maximum user weight of 150 kg. Lots of things to carry? The extra strong basket carries up to 10 kg.

GEMINO 60

ULTIMATE COMFORT AND SAFETY - ON ANY TERRAIN

Let's go! Gemino 60 is the perfect companion for your active lifestyle – lightweight yet rock-solid. With its extra-large, soft wheels this design rollator allows you to walk comfortably and securely, also on uneven terrain. Strolling the cobblestone streets in the old town, enjoying a walk in the forest or simply negotiating thresholds in your home? It'll all be so much easier with the robust Gemino 60!

The Gemino 60 is designed for active outdoor use and easily copes with extra weight. At the same time, it quickly folds together – for easy storage and portability by car. Gemino 60 - stay active and enjoy ultimate comfort, wherever you go!

GEMINO 30

walker

EXTRA SUPPORT AND STABILITY. ALSO GREAT FOR GAIT TRAINING

If you need extra support when walking, the **Gemino 30 Walker** is the perfect choice for you. This lightweight rollator is fitted with fully adjustable forearm supports, enabling you to walk comfortably and securely. The integrated push handles and brakes are easy to reach and very light to operate. Combining the benefits of the **Gemino 30** with enhanced support and stability makes the **Gemino 30 Walker** also ideal for gait training.

//FOREARM SUPPORTS FOR ENHANCED STABILITY AND SAFETY

You can easily adjust the height, depth and angle of the forearm supports to suit your needs. The brakes and push handles are fully integrated – easy to reach and light to operate. For comfortable and safe walking.

//ADVANCED BRAKING OPTIONS FOR EVEN MORE SECURITY

Looking for even more security? Complement your Gemino 30 Walker with a slowdown brake or innovative SpeedControl braking system. With SpeedControl your rollator will brake automatically when you start to accelerate. You'll keep an upright posture and walk confidently and comfortably close to your rollator.

OPTIMAL SUPPORT AND STABILITY – INDOORS AND OUT

Going out a lot? With the Gemino 60 Walker you get the best of both worlds: The comfortable rolling characteristics and stability of the Gemino 60 and the additional support and safety you'd expect from a 'walker'. Adjust the forearm supports and push handles to fit your needs, and enjoy more freedom indoors - and outdoors. Naturally, you can also use this lightweight rollator for extended gait training!

// ADJUSTABLE FOREARM SUPPORTS FOR ENHANCED STABILITY

The forearm supports with integrated push handles and brakes are designed for optimal support and stability, and easy use. Adjust to suit your height and enjoy a comfortable walking position.

// COMFORTABLE AND SAFE OUTDOOR USE

The sturdy frame design coupled with extra-large soft wheels allow you to go out in total comfort and safety. Cobble streets or thresholds in your home? With the Gemino 60 Walker you'll overcome any obstacle with ease.

GEMINO 60 walker

GEMINO 30

parkinson

SPECIALLY DESIGNED FOR PEOPLE WITH PARKINSON'S

Some people need a little extra help to be able to walk safely. If you've Parkinson's disease, you may be one of those people. Our **Gemino 30 Parkinson** rollator has been developed with you in mind and offers features that are fully tailored to your particular needs. Get out and about safely – and with confidence!

// SLOWDOWN BRAKE PROMOTES A STEADY PACE

The Gemino 30 Parkinson is fitted with a slowdown brake, which provides additional resistance and helps you walk at a steady pace. Adjust the level of resistance to your specific needs.

// INCREASED SAFETY WITH REVERSE BRAKE

Due to the reverse braking system the rollator immediately stops moving once the brake is released. This increases safety if you experience 'freezing' while walking - when it feels like your feet are glued to the ground.

// LASER DEVICE HELPS OVERCOME FREEZING

When 'freezing' occurs, you can activate a laser line with a button on the push handles. Through concentrating on the line that appears on the ground, you can then step over it and get moving again.

100% CHOICE

PRACTICAL ACCESSORIES FOR YOU

Gemino rollators are not just easily adjustable. They also come with a full range of attractive accessories to make everyday life easier. A stylish bag, a practical crutch holder, a comfortable back support or a light for extra safety? Choose the options that fit your needs and lifestyle!

// COLOURFUL ADVANCED BAGS

Compliment your Gemino with a stylish, closable bag in your favourite colour. With handles and shoulder strap for easy carrying.

Not available for Gemino 60 M

// BAGS FOR GEMINO 30 S

// UMBRELLA

Rainy weather conditions? With this height-adjustable umbrella you can go out safely, as you can keep both hands on the push handles.

// BACK SUPPORT*

Provides you support to sit comfortably and safely when it's time to take a break. No need to remove when folding the rollator.

// ADJUSTABLE COMFORT BACK SUPPORT**

For additional comfort, choose this large, softly padded back support. Quick to adjust, easily folds with the rollator.

// TABLE TRAY

Practical tray with cup holder allows you to transport food and beverages safely and with ease.

// CRUTCH HOLDER

Keeps your crutch or walking cane securely fastened when walking. Easy to mount, easy to access.

// BASKET FOR OXYGEN CYLINDER***

Carrier bag with shoulder strap for safe transport of oxygen cylinders.

// LIGHT

Ensures you're well visible in the dark – for additional safety.

// INFUSION HOLDER

Height and angle adjustable drip holder.
