SYMMETRIKIT

ACHEEVA[®]

GRADUATE **LS**

SYMMETRI

Kit

Symmetrikit is a division of The Helping Hand Company, Ledbury Limited

Proven to be truly inclusive

Safe supported lying for those who have outgrown their original Acheeva®

Acheevas have proven to be truly inclusive, allowing students who have to spend time in the lying position to join in all classroom activities. The new Acheeva® Graduate at 200cm bed length and 120kg lift capacity means that the bigger guys don't miss out!

3 way power (height, tilt and back angle) makes it easy to find a comfortable position. Combine this with Symmetrisleep accessories for relaxation, balance and enhanced function in lying or sitting.

Max-Relax back is configured to reduced shear when sitting up; It can be raised to 50° for long sitting or lowered by 10° for use in prone. Once set, just use the Tilt in Space for the most balanced position.

You can get your students off the floor to protect them and the staff; with the Acheeva® they can be at the right height to interact with their classmates and the classroom environment. The mattress height range is 60cm to 100cm. Split side rails allow access to the optional table for use in side lying. Alternatively the table can be fitted to the head end for prone users.

- *As this Acheeva® is that extra bit longer we have added a sprung 5th wheel for straighter steering*
- *Kick Bar brakes mean no more 'hunt the castor'*
- *Optional Symmetrisleep accessory bag*
- *Optional Footboard*
- *Combined low voltage transformer/charger and on board diagnostics with undercharged battery protection*
