 The Special Needs 2-in-1 CarSeat Solution
 Helping Families Enjoy Safe Travelling

Thomashilfen is a family owned company in the 3rd generation passionate about providing safe and comfortable products for special needs. We are committed to developing and delivering products that help families and their children for more Quality of Life.

Let us **move** you!

“The Defender Reha allows children with special needs 360° of impact protection. The head, trunk and thighs supports, combined with our unique accessories, offer many positioning options. The seat allows for growth while remaining narrow enough for a second car seat as well as another child to fit in the back seat.”

Positioning-options INCLUSIVE

Cup/snack holder swivels and can easily be installed on either armrest

Smooth up-front harness adjuster

Lateral trunk supports for an upright, stable sitting position

Ultra plush seat pad made with durable premium fabrics and extra foam for maximum comfort is removable for machine washing

9-position, 1-hand height adjustable headrest

Head support holds the child's head safely in place

Deep, supportive headrest, backrest and seat base for 360° impact protection

Chest clip and soft harness covers included

Lateral side supports are removable to adjust seat width for plenty of room for the child to grow with the seat

The no-threaded 5-point harness provides additional support in Booster Mode for children weighing 30 to 110 lbs. Small crotch pad included.
